### **This Week's News:**

The Castle Point & Rochford School Sports Partnership (CPRSSP) have launched a challenge to mark the start of the 2018 World Cup. Please see attached letter for more information on the KOFY KEEPY UP CHALLENGE.

The children enjoyed an alternative Maths lesson on Tuesday. As Creative were in school to deliver a workshop, the feedback from staff and pupils was excellent. Pupils from Nursery through to year 2 were enthralled and captivated by the presenters who delivered the workshop.

The members of the Parents Association have been in school for most of the day in preparation for this afternoon's Summer Fun Day. The weather is looking perfect for the event and we are hoping to see many of you there. You can still purchase raffle tickets and wristbands for the inflatables when you arrive.

The final few weeks of the academic year are now upon us, this is a very busy time for pupils, staff and parents/carers. We will continue to update the school's website, Facebook page and newsletter with dates, times and details of events. Transitions begin next week. On Tuesday and Thursday, Year 2 will visit Hadleigh Junior School. The children currently in Year 1 and Reception will work in their new classes with their new adults on Tuesday and Thursday morning. On Tuesday your child will come home with a letter outlining the key information about their new class for next year. Open evening, which will be held on Thursday 5th July, will give parents/carers an opportunity to look at their child's work that they have completed this year as well as meet their new teacher.

Polite Notice - Every morning the Early Years teachers and support staff spend a considerable amount of time preparing the outdoor classroom. The areas outside Butterflies, Bumblebees and Ladybirds are set up with activities and learning resources to support the children's learning through play. We have had an increasing number of incidents where children are playing with the resources, whilst waiting for the classroom doors to open, which has on occasions led to the resources being broken or damaged. We would politely ask that parents/carers remind their children that these areas are out of bounds and items are not to be moved or played with. Thank you in advance for your support with this matter.
