

Hadleigh Infants and Nursery School

Newsletter No 29 - 12th May 2023

Message from Mrs Fynn

I hope that you enjoyed the long weekend however you chose to spend it. We've certainly enjoyed speaking to the children about their experiences which varied hugely from Coronation parties, to camping trips to pyjama and movie afternoons.

I have been very proud of Year 2 this week who have started their SATs assessments. They have all done brilliantly with the "quizzes" that they have completed to date with only one more to complete next week. As we build regular "quizzes" in to Year 2 several children now enjoy them and will be disappointed not to have any more.

The Growth Mindset conversations around school continue to take place, I was particularly impressed by Planets this week who were keen to show me how they were meeting their targets and challenging themselves to exceed them by aiming even higher.

This week I also have a staffing update and am very sad to let you know that Mr Aldridge has taken the decision to retire at the end of this school year. Mr Aldridge makes a huge contribution to day to day life in the school (and the levels of tea consumption) and school won't be quite the same without him. That does mean we will be looking to appoint a new Site Manager over the next couple of weeks, details of this vacancy can be found on the school website or on the Essex School Jobs site.

Nursery - different
Reception - resilience
Year 1 - independent
Year 2 - select

E-safety

The world that our children are growing up in is constantly evolving, especially in the area of technology and online safety. Here at HINS part of our role is to safeguard our children in the physical and online worlds. With this in mind we will be sharing regular E-safety updates to help us all navigate this growing area together. This week I will introduce <https://www.thinkuknow.co.uk/>

This website has been created by the National Crime Agency's CEOP command and since 2006 has aimed to educate parents, carers and young people about E-safety and staying safe online. The website contains games and interactive features which appeal to children from age 4, and also information for adults about how to support safe online use and who to report any concerns to.

Next Thursday is Census Day, this is the day when the number of pupils having a school lunch is recorded and reported. The number reported determines the school's funding for the following year. We would ask that all parents encourage their children to choose to have a school dinner, rather than bringing in a packed lunch from home. On Thursday the children will be able to choose Butchers Sausage or Quorn Southern Fried Chicken Burger with lightly seasoned wedges and corn on the cob followed by a homemade cake. We would like to thank parents in advance for their support.
