Friday 12th February 2021

Dear Parents/ Carers,

I hope you all continued to remain healthy since my last message to you!

As today is the last day of this half term I wanted to take the opportunity to thank you all once again for the support you have shown the school during the past 6 weeks. I am very aware that the longevity of this pandemic, the poor weather and the increased expectation set by the government on home learning has made the current situation even harder for many of our families during this current lockdown. The amount of support you have been able to provide your child whether it be large or small would have made a big impact.

As I stated in the first lockdown - I am aware that for many of you teaching was not your preferred career choice but you have taken on the role so well. If you have ever felt that you could have explained something better or wished you had completely changed what you were doing - please don't beat yourselves up about it. Every teacher and member of school staff have these same thoughts every day when the children are in. It is my hope that you have all also experienced the amazing feeling when you have explained something or completed an activity and suddenly the penny has dropped and your child is able to do something that they couldn't before. I would once again like to thank you on behalf of the staff and children for the role you have played in supporting the education effort at home.

It is my hope that an announcement about the future return to schools will take place around the 22nd February 2021. I have planned for multiple outcomes which are ready to be implemented quickly. As soon as I have the relevant information, I will communicate with parents immediately. In the meantime, I hope you all enjoy the break from home learning and manage to have some quality family time together.

Stay safe.

Yours sincerely

Mr. S. Proctor
