

The bean game!

Teach your family to play the game:

One person calls a type of bean and the others have to make the shape.

For example: runner bean,
baked bean, broad bean ...

jumping bean,

green bean,

Agree the rules! Maybe the last person to make the shape is out or the first person to make the shape chooses the next bean. You don't have to write the rules, as long as you have agreed them.

You could award prizes or rosettes to the best shaped person or the fastest person. If you can you could go outside and see who is the fastest runner bean in your family or who can make themselves the slowest jumping bean!
