

Geography

Fold a piece of paper in half or draw a line down the middle of a page in your book.

On one side draw a hot place.

On the other draw a cold place.

Draw or write the names of appropriate animals and plants you would find in each place.
Talk about the clothes you would need to wear in each place and why.

Writing

Do this job after you have done the hot and cold place geography.

Use your sheet to help you with ideas for writing.

Choose either the hot or cold place you drew on your geography sheet.

Write about one of the places - you could use the name of the place as a heading.

Write sentences about what the weather is like there, what you might do or see there and what you would need to wear.

Don't forget to use neat writing, think about your spelling, use correct punctuation and interesting vocabulary.
