

Guess who?

Look at the pictures below. Can you guess who each baby is?

hint - they are year one teachers

Comment your answers and we will tell you if you are correct.

Think about things a baby can do and things a baby can't do.

Can they walk?

Can they talk?

What do they eat and drink?

Can they do things by themselves?

Talk about the answers with your grown up.

Ask your grown up if they have a picture of you when you were a baby, or younger than you are now.

Does it look like you?

What looks different?

What looks the same?

On the sheet provided draw yourself as a baby
and draw yourself now.

Then make a list of the differences next to
each picture. Things that you could/cou;dn't do
as a baby and things you can do now.

You can print the sheet or complete it online.
