Appendix A	Children and Families Service Map and Key Contacts
Appendix B	Essex Windscreen of Need and levels of intervention
Appendix C	Missing Children Protocol

1. Introduction

Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child. (*Keeping Children Safe in Education – DfE, 2021*)

This Child Protection Policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school. It should be read in conjunction with the following:

- Keeping Children Safe in Education (KCSIE) (DfE, 2021)
- The school's Behaviour policy
- The school's Staff Code of Conduct
- The safeguarding response to children missing from education
- The role of the designated safeguarding lead (Annex B of KCSIE2021).

Safeguarding and promoting the welfare of children (everyone under the age of 18) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

Our school has a whole-school approach to safeguarding, which ensures that keeping children safe is at the heart of everything we do and underpins all systems, processes and policies. It is important that our values are understood and shared by all children, staff, parents / carers, governors and the wider school community. Only by working in partnership, can we truly keep children safe.

2. Statutory framework

There is government guidance set out in Working Together (HMG, 2018) on how agencies must work in partnership to keep children safe. This guidance places a shared and equal duty on three Safeguarding Partners (the Local Authority, Police and Health) to work together to safeguard and promote the welfare of all children in their area under multi-agency safeguarding arrangements. These arrangements sit under the Essex Safeguarding Children Board (ESCB).

In Essex, the statutory partners are Essex County Council, Essex Police and five of the seven Clinical Commissioning Groups covering the county.

Section 175 of the Education Act 2002 (*Section 157 for Independent schools*) places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

In Essex, all professionals must work in accordance with the [SET Procedures](#) (ESCB, 2019). Our school works in accordance with the following legislation and guidance (this is not an exhaustive list):

- Keeping Children Safe in Education (DfE, 2021)
- Working Together (HMG, 2018)
- Education Act (2002)
- Effective Support for Children and Families in Essex (ESCB)
- Counter-Terrorism and Security Act (HMG, 2015)
- Serious Crime Act 2015 (Home Office, 2015)
- Children and Social Work Act (2017)
- Children Missing Education - statutory guidance for local authorities (DfE, 2016)
- Sexual Offences Act (2003)
- Education (Pupil Registration) Regulations 2006
- Information sharing advice for safeguarding practitioners (HMG, 2018)
- Data Protection Act (2018)
- What to do if you're worried a child is being abused (HMG, 2015)
- Searching, screening and confiscation (DfE, 2018)
- Children Act (1989)
- Children Act (2004)
- Preventing and Tackling Bullying (DfE, 2017)
- Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)
- Sexual violence and sexual harassment between children in schools and colleges (DfE, 2021)
- Promoting positive emotional well-being and reducing the risk of suicide (ESCB, 2018)
- Preventing youth violence and gang involvement (Home Office, 2015)
- Criminal Exploitation of children and vulnerable adults - county lines guidance (Home Office, 2018)
- Teaching online safety in schools (DfE, 2019)
- Education Access team CME / Home Education Policy and Practice (ECC, 2018)
- Understanding and Supporting Behaviour - safe practice for schools and educational settings (ESCB 2021)

3. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. However, there are key people within schools and the Local Authority who have specific responsibilities under child protection

procedures. The names of those in our school with these specific responsibilities (the designated safeguarding lead and deputy designated safeguarding leads) are shown on Page 2 of this document.

Given the paramount importance of this topic to the schools duties and role, it has chosen to nominate several Safeguarding Deputies at this time. All comply with the awareness and training provisions of this policy, hence any available Deputy may act in place of the Safeguarding Lead where they are unavailable. For the purposes of clarity and consistency, this document uses the singular form Deputy throughout.

The Governing Body

The Governing Body ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place and that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

The governors for safeguarding arrangements are named on Page 2 of this document. The governors take leadership responsibility for safeguarding arrangements in our school. The governing body ensures there is a named designated safeguarding lead and at least one deputy safeguarding lead in place (also named on Page 2).

The school's safeguarding governors will be consulted if the named designated safeguarding lead or one of the deputy safeguarding leads decides that they disagree or have ongoing concerns that are not being dealt with accordingly by the safeguarding bodies. The safeguarding governors will ensure that school leaders follow the procedures set out in the SET Procedures (Part B1 - 11).

The governing body ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The governing body ensures that all staff members undergo safeguarding and child protection training at induction and that it is then regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The governing body ensures our pupils are taught about safeguarding (including online) through teaching and learning opportunities as part of a broad and balanced curriculum. We work in accordance with new government regulations which make the subjects of Relationships Education (for primary age pupils) and Relationships and Sex Education (for secondary age pupils) and Health Education (for all pupils in state-funded schools) mandatory.

The governing body and school leadership team are responsible for ensuring the school follows recruitment procedures that help to deter, reject or identify people who might abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place. It ensures that volunteers are appropriately supervised in school.

The Designated Safeguarding Lead (and Deputy) (DSL/DDSL)

The designated safeguarding lead in school takes lead responsibility for managing child protection referrals, safeguarding training and raising awareness of all child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times. They act as a source of advice and support for other staff (on child protection matters) and ensure that timely referrals to Essex Children's Social Care (Family Operations Hub) are made in accordance with current SET procedures. They work with the local authority and other agencies as required and ensure that information is shared appropriately.

The deputy/deputies designated safeguarding lead is / are trained to the same standard as the designated safeguarding lead. If for any reason the designated safeguarding lead is unavailable, the deputy/deputies designated safeguarding lead will act in their absence

The school's Designated Safeguarding Lead and the deputies will meet on a weekly basis to discuss any ongoing cases and any other children the school has decided to closely monitor.

The Head Teacher

The Teachers' Standards 2012 state that teachers (which includes Head Teachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. The Head Teacher works in accordance with all statutory requirements for safeguarding and is responsible for ensuring that safeguarding policies and procedures adopted by the governing body are followed by all staff.

All school staff

Everyone in our school has a responsibility to provide a safe learning environment in which our children can learn. All staff members are aware of the local early help process and our role in it. They are aware of signs of abuse and neglect so they are able to identify children who may be in need of help or protection. All staff members are aware of and follow school processes (as set out in this policy) and are aware of how to make a referral to Social Care if there is a need to do so. If staff have any

concerns about a child's welfare, they must act on them immediately and speak with the designated safeguarding lead (or deputy) – they do not assume that others have taken action.

Everyone has the responsibility to read and understand all safeguarding documents provided to them or mentioned in this policy. If any member of staff does not understand any of the policies or procedures, they should make the Head Teacher aware as soon as possible who will provide additional training.

4. Types of abuse / specific safeguarding issues

Keeping Children Safe in Education (DfE, 2021) defines abuse as the maltreatment of a child.

“Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children”

The four main types of abuse referred to in Keeping Children Safe in Education are:

- Physical
- Emotional
- Sexual
- Neglect

Our staff will always reassure children who report abuse / victims of abuse that they are taken seriously and that they will be supported and kept safe. We will never make a child feel ashamed for reporting abuse, nor make them feel they are causing a problem.

All staff in our school are aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. All staff are aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). We understand that abuse, neglect and safeguarding issues are rarely 'stand-alone' events and that, in most cases, multiple issues will overlap.

In addition, staff are aware of other types of abuse and safeguarding issues that can put children at risk of harm. We understand that behaviours linked to issues such as drug taking and / or alcohol misuse, deliberately missing education and consensual / non-consensual sharing of nudes and semi-nude images can be signs that children are at risk.

Child criminal exploitation (CCE) and Child Sexual Exploitation (CSE)

Both CCE and CSE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community. It may occur over time, or be a one-off occurrence. In Essex, the definition of Child Sexual Exploitation (CSE) from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate.

Children missing from education

All children, regardless of their age, ability, aptitude and any special education needs they may have, are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. It is also recognised that, when not in school, children may be vulnerable to or exposed to other risks, so we work with parents and other partners to keep children in school whenever possible.

Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Education Access Team, Social Care or Police). Parents are required to provide at least two emergency contact numbers to the school, to enable us to communicate with someone if we need to.

Our school must inform the local authority of any pupil who has been absent without school permission for a continuous period of 10 days or more.

The school's response for children who go missing in education can be found in Appendix C.

Contextual safeguarding

Safeguarding incidents and behaviours can be associated with factors outside our school. All staff are aware of contextual safeguarding and the fact they should consider whether wider environmental factors present in a child's life are a threat to their safety and / or welfare. To this end, we will consider relevant information when assessing any risk to a child and share it with other agencies to support better understanding of a child and their family.

Domestic abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse is not limited to physical acts of violence or threatening behaviour, and can include emotional, psychological, controlling or coercive behaviour, sexual and/or economic abuse. Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children. We work with other key partners and will share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

So-called 'honour-based violence' (including Female Genital Mutilation and forced marriage) Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

A forced marriage is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

Mental health

Our staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand that, where children have suffered abuse or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Where we have concerns this may impact on mental health, we will seek advice and work with other agencies as appropriate to support a child and ensure they receive the help they need.

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school aims to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which increase someone's vulnerability and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter-balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Online safety

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. This presents many positive and exciting opportunities, but we recognise it also presents challenges and risks. Any pupil can be vulnerable online, and their vulnerability can fluctuate depending on their age, developmental stage and personal circumstance. We want to equip our pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world.

The range of online risks could be categorised as:

- Content: Being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, suicide, racist or radical and extremist views;
- Contact: Being subjected to harmful online interaction with other users; for example, peer to peer pressure, commercial advertising as well as adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;
- Conduct: Personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying;
- Commerce: Risks such as online gambling, inappropriate advertising, phishing and / or financial scams.

All staff in our school are aware of the risks to children online and we seek to help children keep themselves safe online in a range of ways - further information about our approach to online safety is available in our Online Safety / Acceptable Use Policy.

The children are also taught how to remain safe online as well as how to have a healthy relationship with technology. For further details about the school's e-Safety curriculum, please use the link below:

<https://www.hadleigh-inf.essex.sch.uk/web/curriculum>

Peer on peer abuse

Our school may be the only stable, secure and safe element in the lives of children at risk of, or who have suffered harm. Nevertheless, whilst at school, their behaviour may be challenging and defiant, or they may instead be withdrawn, or display abusive behaviours towards other children. Our school recognises that some children may abuse their peers and that this may happen in school, or outside of it. Any incidents of peer on peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures. We will seek advice and support from other agencies as appropriate.

Our school recognises that, even though peer on peer abuse / harmful sexual abuse may not reported, it is likely that it is occurring and we are clear there is a zero tolerance to inappropriate or abusive behaviour. We understand the barriers which may prevent a child from reporting abuse and work actively to remove these.

Peer on peer abuse can manifest itself in many ways. This may include bullying (including cyber bullying), physical abuse, sexual violence / sexual harassment, 'up-skirting', 'sexting' or initiation / hazing type violence and rituals. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs, challenging inappropriate behaviours when they occur – we do not normalise abuse, nor allow a culture where it is tolerated.

We use lessons and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer on peer abuse. We will never make a child feel ashamed for reporting abuse, nor that they are creating a problem by doing so.

The school's response to peer on peer abuse can be found in the school's Behaviour Policy.

Prevention of radicalisation

As of July 2015, the Counter-Terrorism and Security Act (HMG, 2015) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty.

It requires schools to:

- Teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion;
- Be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas;
- Be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues.

CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism.

Our school operates in accordance with local procedures for PREVENT and with other agencies, sharing information and concerns as appropriate. Where we have concerns about extremism or radicalisation, we will seek advice from appropriate agencies and, if necessary, refer to Social Care and / or the Channel Panel.

Serious violence

All staff are aware of the risk factors and indicators which may signal that children are at risk from or involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs.

5. Children potentially at risk of greater harm

We recognise that some children may potentially be at risk of greater harm and require additional help and support. These may be children with a Child in Need or Child Protection Plan, those in Care or previously in Care or those requiring mental health support. We work with Social Care and other appropriate agencies to ensure there is a joined-up approach to planning for these children and that they receive the right help at the right time.

Our school understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration;
- That they may be more prone to peer group isolation than others;
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs;
- Communication difficulties in overcoming these barriers.

6. Procedures

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a 'child in need' or a 'child protection' plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred must report it immediately to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding lead) using the school's procedures.

As of September 2019, the school has used CPOMS to record any safeguarding concerns - this will continue into the 2021/2022 academic year. All staff working at the school have had training linked to how to use the system to record their concerns and make disclosures and refresher training sessions are provided when needed. Safeguarding concerns and disclosures should be flagged to the designated team on the system and will be dealt with in a timely manner. Paper disclosure forms are available for staff in the case of the internet not working. If a disclosure is made on a paper form they should be immediately handed to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding lead).

All action is taken in accordance with the following guidance;

- Essex Safeguarding Children Board guidelines - the SET (Southend, Essex and Thurrock) Child Protection Procedures (ESCB, 2019)
- [Essex Effective Support](#)
- Keeping Children Safe in Education (DfE, 2021)
- Working Together to Safeguard Children (DfE, 2018)
- 'Effective Support for Children and Families in Essex' (ESCB, 2017)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the designated safeguarding lead (and deputy) and how to share concerns with them during their induction.

Any staff member or visitor to the school must refer any concerns to the designated safeguarding lead or deputy designated safeguarding lead. Where there is risk of immediate harm, concerns will be referred by telephone to the Children and Families Hub and / or the Police. Less urgent concerns or requests for support will be sent to the Children and Families Hub via the Essex Effective Support portal. The school may also seek advice from Social Care or another appropriate agency about a concern, if we are unsure how to respond to it. Wherever possible, we will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place the child at greater risk of harm or impede a criminal investigation. On occasions, it may be necessary to consult with the Children and Families Hub and / or Essex Police for advice on when to share information with parents / carers.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for re-consideration of the case with the designated safeguarding lead.

If, for any reason, the designated safeguarding lead (or deputies) are not available, this should not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child. If a member of staff (who is not the designated safeguarding lead or deputy) makes a referral to social care, they should record the details on the school's emergency referral form. After making an emergency referral the member of staff should inform the designated safeguarding lead or deputy as soon as possible.

Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support.

7. Training

The designated safeguarding lead (and deputy) undertake Level 3 child protection training at least every two years. The Head Teacher, all staff members and governors receive appropriate child protection training which is regularly updated and in line with advice from the Essex Safeguarding Children Board (ESCB). In addition, all staff members receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any child protection training undertaken is kept for all staff and governors.

The school ensures that the designated safeguarding lead (and deputies) also undertakes training in inter-agency working and other matters as appropriate

8. Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the designated safeguarding lead and may require further referral to and subsequent investigation by appropriate authorities.

Information on individual child protection cases may be shared by the designated lead (or deputy) with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

The school protects sensitive information in line with the school's Data Protection Policy; however, any information that is required to be shared to ensure the protection of a child will be shared confidentially with the relevant staff.

9. Records and information sharing

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school and when these records should be shared with other agencies.

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing information where there are real safeguarding concerns. Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection are recorded in our Records of Processing Activity and regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be completed on the school's CPOMs system and will include the action taken. The designated safeguarding lead (or deputies) will need to be alerted, who will decide on appropriate action and record this accordingly.

Any records related to child protection are kept in an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

In line with statutory guidance, where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new educational setting. These will be marked 'Confidential' and for the attention of the receiving school's designated safeguarding lead, with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school. The paperwork linked to the transfer of the file will be kept in accordance with the school's Data Protection Retention Policy. Where appropriate, the designated safeguarding lead may also make contact with the new educational setting in advance of the child's move there, to enable planning so appropriate support is in place when the child arrives.

Where a pupil joins our school, we will request child protection records from the previous educational establishment within the first week of them starting at the school. A log of the contact made with the previous school will be kept.

10. Interagency working

It is the responsibility of the designated safeguarding lead to ensure that the school is represented at, and that a report is submitted to, any child protection conference called for children on the school roll or previously known to them. Where possible and appropriate, any report will be shared in advance with the parent(s) / carer(s). The member of staff attending the meeting will be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions.

If a child is subject to a Child Protection or a Child in Need plan, the designated safeguarding lead will ensure the child is monitored regarding their school attendance, emotional well-being, academic progress, welfare and presentation. If the school is part of the core group, the designated safeguarding lead will ensure the school is represented, provides appropriate information and contributes to the plan at these meetings. Any concerns about the Child Protection plan and / or the child's welfare will be discussed and recorded at the core group meeting, unless to do so would place the child at further risk of significant harm. In this case the designated safeguarding lead will inform the child's key worker immediately and then record that they have done so and the actions agreed.

11. Allegations about members of the workforce

All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in the Staff Behaviour policy / Code of Conduct. The school works in accordance with statutory guidance and the SET procedures (ESCB, 2019) in respect of allegations against an adult working with children (in a paid or voluntary capacity).

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff will be referred to the Head Teacher (or the Assistant Head Teachers in their absence). This role is distinct from the designated safeguarding lead as the named person should have sufficient status and authority in the school to manage employment procedures. Where the allegation concerns a supply member of staff, the Head Teacher (or Assistant Head Teacher) will liaise with the supply agency, while following due process.

Where the concern involves the Head Teacher, it should be reported direct to the Chair of Governors (Mr. D. Long).

SET procedures (ESCB, 2019) require that, where an allegation against a member of staff is received, the Head Teacher, senior named person or the Chair of Governors must inform the duty Local Authority Designated Officer (LADO) in the Children's Workforce Allegations Management Team on **03330 139 797** within one working day. However, wherever possible, contact with the LADO will be made immediately as they will then advise on how to proceed and whether the matter requires Police

involvement. This will include advice on speaking to pupils and parents and HR. The school does not carry out any investigation before speaking to the LADO.

Staffing matters are confidential and the school operates within statutory guidance around Data Protection.

12. Use of reasonable force

The term 'reasonable force' covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. 'Reasonable' means using no more force than is needed. Our school works in accordance with statutory guidance on the use of reasonable force (see Behaviour Policy) and recognises that where intervention is required, it should always be considered in a safeguarding context.

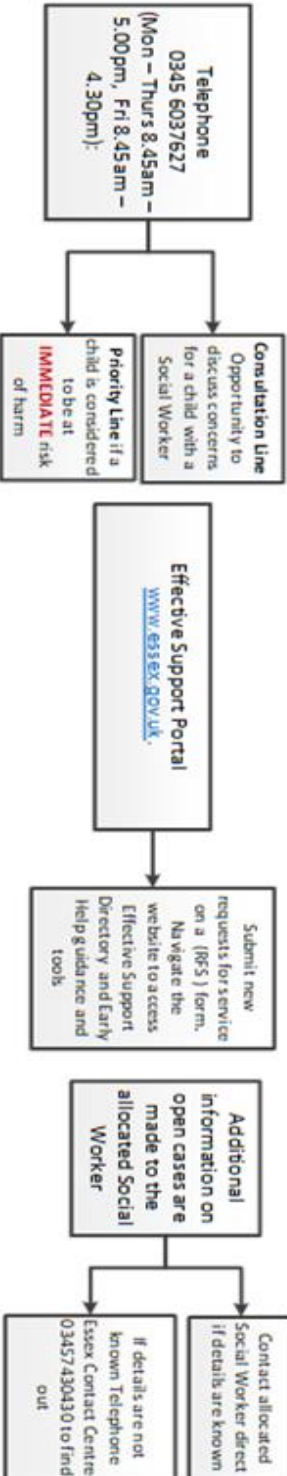

13. Whistleblowing

All members of staff and the wider school community should be able to raise concerns about poor or unsafe practice and feel confident any concern will be taken seriously by the school leadership team. We have 'whistleblowing' procedures in place and these are available in the school Whistleblowing Policy. Copies of this policy can be found on the school's website (currently https://www.hadleigh-inf.essex.sch.uk/web/school_policies_and_key_documents/318474) ; alternatively, a paper copy can be requested from the school.

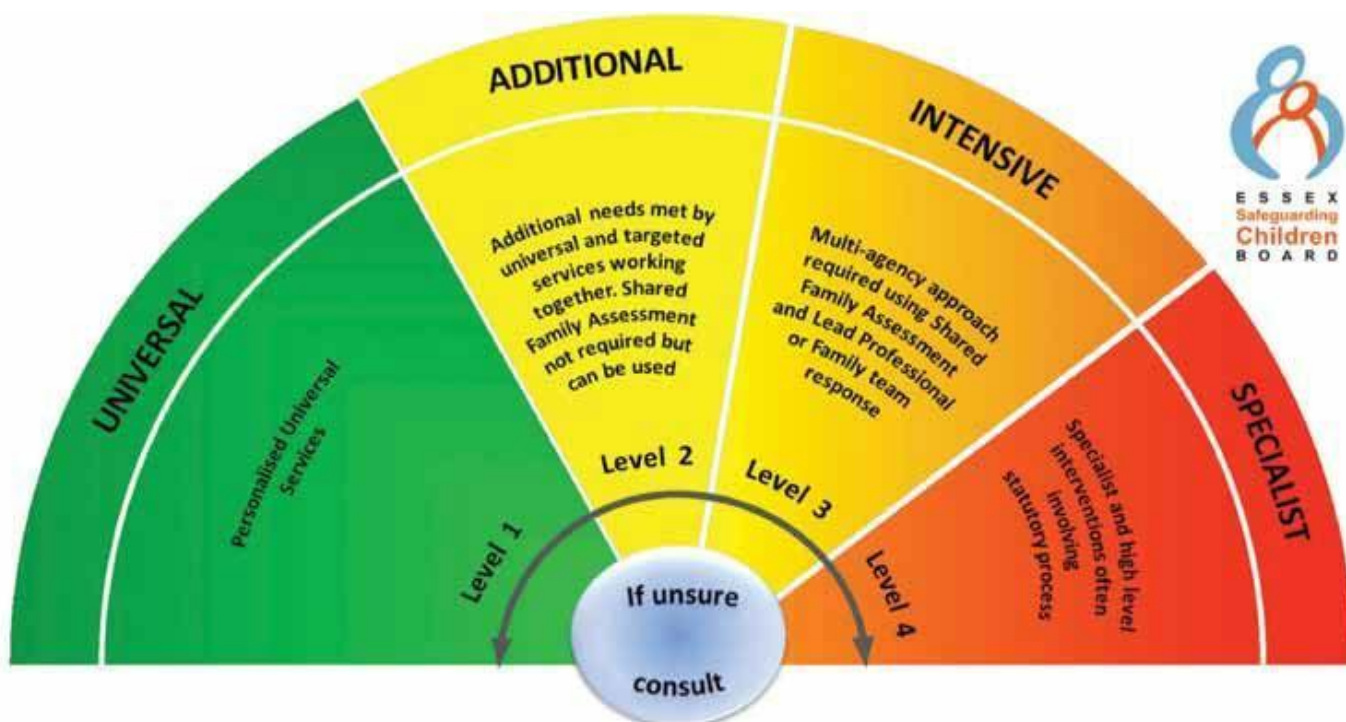

For any member of staff who feels unable to raise concerns internally, or where they feel their concerns have not been addressed, they may contact the NSPCC whistleblowing helpline on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or by email at: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk .

Appendix A: Children and Families Service Map and Key Contacts

Useful Resources	Local Authority Designated Officer (LADO)	Emergency Duty Team	Effective Support Directory	Children & Families Hub
   	<p>The Essex LADO is specifically involved in cases where there is a concern or allegation that someone working or volunteering with children; has or may have harmed a child, may have committed a criminal offence related to a child, behaved towards a child or children in a way that indicates they may pose a risk of harm to children. They give advice and guidance on how concerns or allegations should be investigated against adults working with children.</p> <p>For advice please contact: Essex duty LADO (Local Authority Designated Officer) Telephone: 03330 139 797 .</p> <p>Emergency Duty Service (Immediate Out of Hours Response) No: 0345 606 1212 (Mon - Thurs 5.00pm – 8.45am, Fri 4.30pm – Mon 8.45am Inc. Bank holidays)</p>	<p>Emergency Duty Service (Immediate Out of Hours Response) No: 0345 606 1212 (Mon - Thurs 5.00pm – 8.45am, Fri 4.30pm – Mon 8.45am Inc. Bank holidays)</p> <p>(for non-immediate requests please contact the Children & Families Hub within the working hours above)</p>	<p>A practitioner, child, young person or family member can directly access the Effective Support Directory . The directory provides a detailed list of a variety of Additional Level 2 services that are available in each quadrant</p> <p>The Effective Support Directory can be accessed electronically via The Essex County Council Website www.essex.gov.uk. Early Help resources and guidance is also available including information on Family Solutions, Early Help Plans, Team Around the Family and Lead Professional.</p>	 <p>The flowchart details the process for accessing the Effective Support Directory. It starts with a telephone number (0345 6037627) and operating hours (Mon-Thurs 8.45am-5.00pm, Fri 8.45am-4.30pm). From there, users can go to a Consultation Line to discuss concerns with a Social Worker, or a Priority Line if a child is at immediate risk of harm. Both paths lead to the Effective Support Portal (www.essex.gov.uk). From the portal, users can submit new requests for service on a (RFS) form, navigate the website to access the directory and early help guidance tools, or view additional information on open cases allocated to a Social Worker. If details are known, they can contact the allocated Social Worker directly. If not, they can contact the Essex Contact Centre at 03457 430430 to find out.</p>

Appendix B: Essex Windscreen of Need and levels of intervention

All partners working with children, young people and their families will offer support as soon as we are aware of any additional needs. We will always seek to work together to provide support to children, young people and their families at the lowest level possible in accordance with their needs

Children with **Additional** needs are best supported by those who already work with them, such as Family Hubs or schools, organising additional support with local partners as needed. When an agency is supporting these children, an Early Help Plan and a Lead Professional are helpful to share information and co-ordinate work alongside the child and family.

For children whose needs are **Intensive**, a coordinated multi-disciplinary approach is usually best, involving either an Early Help Plan or a Shared Family Assessment (SFA), with a Lead Professional to work closely with the child and family to ensure they receive all the support they require. Examples of intensive services are children's mental health services and Family Solutions.

Specialist services are where the needs of the child are so great that statutory and/or specialist intervention is required to keep them safe or to ensure their continued development. Examples of specialist services are Children's Social Care or Youth Offending Service. By working together effectively with children that have additional needs and by providing coordinated multi-disciplinary/agency support and services for those with intensive needs, we seek to prevent more children and young people requiring statutory interventions and reactive specialist services.

Appendix C: Missing Children Protocol

Children Missing in Education

Schools' responsibilities

Schools must enter pupils on the admission register at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend the school. If a pupil fails to attend on the agreed or notified date, the school should undertake reasonable enquiries to establish the child's whereabouts and consider notifying the local authority at the earliest opportunity.

Schools must monitor pupils' attendance through their daily register. Schools should agree with their local authority the intervals at which they will inform local authorities of the details of pupils who fail to attend regularly, or have missed ten school days or more without permission. Schools should monitor attendance closely and address poor or irregular attendance. It is important that pupils' poor attendance is referred to the local authority.

Where a pupil has not returned to school for ten days after an authorised absence or is absent from school without authorisation for twenty consecutive school days, the pupil can be removed from the admission register when the school and the local authority have failed, after jointly making reasonable enquiries, to establish the whereabouts of the child. This only applies if the school does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause.

Maintained schools have a safeguarding duty in respect of their pupils, and as part of this should investigate any unexplained absences. Academies and independent schools have a similar safeguarding duty for their pupils. Further information about schools' safeguarding responsibilities can be found in the Keeping children safe in education statutory guidance.

Making reasonable enquiries - HINS response to a child missing in education

When the whereabouts of a child is unclear or unknown, the school will complete and record one or more of the following actions:

- Make contact with the parent, relatives and neighbours using known contact details- this can be through text, call and/or email;
- Liaise with local schools and or nurseries that siblings may attend;
- Check with agencies known to be involved with family;
- Check with the local authority where the child lives, if different from where the school is;
- Home visit(s) made by appropriate team, following local guidance concerning risk assessment and if appropriate make enquiries with neighbour(s) and relatives.

Other strategies we may use in individual cases:

- Check Key to Success or school2school (s2s) systems;
- Check local databases within the local authority;
- Check with local authority and school from which child moved originally, if known;
- Follow local information sharing arrangements and where possible make enquiries via other local databases and agencies e.g. those of housing providers, school admissions, health services, police, refuge, Youth Justice Services, children's social care, and HMRC;
- Check with UK Visas and Immigration (UKVI) and/or the Border Force;
- In the case of children of Service Personnel, check with the Ministry of Defence (MoD) Children's Education Advisory Service (CEAS).

Referring a child who appears to have gone missing from education

Schools, including Academies and Free Schools are required to inform the local authority - as stated within The Education (Pupil Registration) (England) Regulations, 2006 - of the details of pupils who have been absent from school for 10 continuous school days and where contact cannot be made with the parent/carer to establish the reason for the absence and the absence has not been reported. In Essex, schools are required to notify the local authority (CME and/or EHE Team), via the Missing Pupil Checklist (https://essex-self.achieveservice.com/service/Missing_Pupil_Checklist), of any child falling into one of the following categories:

- A child has gone missing and no contact can be made with parent/carer to establish reason for absence;
- A child ceased to attend the school and forwarding address of the family is not known;
- A child has not returned from holiday within 10 schools days of the expected date of return;

- A child fails to take up their place at the start of the academic year and the whereabouts of the young person is unknown.

Please be aware that the CME and EHE Team do not accept referrals in relation to pupils on a school roll who are not attending regularly. Such pupils should be referred to the Essex County Council Attendance Compliance Team. In this instance the school would follow the Attendance Policy.

Children at particular risk of missing education

There are many circumstances where a child may become missing from education so it is vital that local authorities make judgements on a case by case basis. Although not exhaustive, the list below presents some of the circumstances that local authorities should consider when establishing their CME policies and procedures:

Pupils at risk of harm/neglect:

Children may be missing from education because they are suffering from abuse or neglect. Where this is suspected schools should follow local child protection procedures. However, if a child is in immediate danger or at risk of harm, a referral should be made immediately to children's social care (and the police if appropriate). Local authority officers responsible for CME should check that a referral has been made and, if not, they should alert children's social care. The Department's statutory guidance Keeping children safe in education provides further advice for schools and colleges on safeguarding children.

Children of Gypsy, Roma and Traveller (GRT) families:

Research has shown that many children from these families can become disengaged from education, particularly during the secondary school phase. It is therefore important that schools inform the local authority when a GRT pupil leaves the school without identifying a new destination school, particularly in the transition from primary to secondary so that they can attempt to facilitate continuity of the child's education. Although many are settled, some GRT families move regularly and their children can be at increased risk of missing education. Local authority Traveller Education Support Services (TESS), where these exist, or the named CME officer within the local authority, can advise schools on the best strategies for ensuring the minimum disruption to GRT pupils' education, for example dual registration with other schools or the provision of electronic or distance learning packages where these are available.

Children of Service Personnel:

Families of members of the Armed Forces are likely to move frequently – both in the UK and overseas and often at short notice. Schools and local authorities should contact the MoD Children’s Education Advisory Service (CEAS) on 01980 618244 for advice on making arrangements to ensure continuity of education for those children when the family moves.

Missing children and runaways:

Children who go missing or run away from home or care may be in serious danger and are vulnerable to crime, sexual exploitation or abduction as well as missing education.

Children and young people supervised by the Youth Justice System:

Children who have offended or are at risk of doing so are also at risk of disengaging from education. Local authority Youth Offending Teams (YOTs) are responsible for supervising those young people (aged 8 to 18). YOTs should work with the local authority CME officer to ensure that children are receiving, or return to, appropriate full-time education. Where a young person was registered at a school prior to custody, the school may be able to keep the place open for their return.

Children who cease to attend a school:

There are many reasons why a child stops attending a school. It could be because the parent chooses to home educate their child. However, where the reason for a child who has stopped attending a school is not known, the local authority should investigate the case and satisfy itself that the child is receiving suitable education.

Children of new migrant families:

Children of new migrant families may not have yet settled into a fixed address or may have arrived into a local authority area without the authority becoming aware, therefore increasing the risk of the child missing education.
